

As you are aware, the COVID-19 coronavirus has now been confirmed in Mississippi. The Centers for Disease Control (CDC), MS Emergency Management Agency (MEMA), and MS Department of Health (MSDH) have released recommendations for long term care facilities to put into action to help prevent spread of the virus.

**As of now, the MS. Dept. of Health has mandated that NO VISITORS are allowed at long-term care facilities which includes Boswell.**

If someone insists on taking his/her loved one home, the individual will be required to follow CDC and Dept. of Health recommendations prior to returning to Boswell. Boswell's priority is to keep the individuals safe and healthy.

We would like to ask you to please help us to communicate this information to the others on his/her visitor list. We greatly appreciate your understanding and assistance with getting this information to those who need to know.
